Eleven & Max Moments Before They Spy On Their Boyfriends: Rewritten

Author's Note:

Very short and simple change.

"Oh, I hope they take us back..." I laughed, mocking Lucas. "Oh, what I would give to see their stupid faces." I said. Eleven suddenly looked like she was in deep thought. "...what is it?" I asked. "Well, I could see them...with my powers." She said with a smile. "I am still not used to your powers." I said with a laugh. In response, she lifted a comic off of the bed. "Oh my god, stop..." I said with a combination of laughter and awe. I felt like a kid again. "So...how can you do it?" I asked. "I need quiet...static...and...a blindfold." She responded.

I got the blindfold and set the radio to static, and was filled with anticipation. She slowly put the blindfold on. "Is this really gonna work?" I asked, excitedly running back to the bed. She simply nodded. "Holy shit, this is INSANE-" I said, unable to contain myself. "Max." Eleven interrupted. "Yeah, quiet, sorry." I quickly apologized.
